SUMMARY

Different branches of information technology have been my passion for over 8 years now. I am a fast learner when it comes to programming and software in general. Through long-term learning and working independently, I have developed self-discipline and ability to solve problems. I strive to broaden my IT skills and gain further experience in this area.

EXPERTISE

WORK EXPERIENCE

Apr 2018 - Jul 2019 Ragnarson, Internship - Ruby on Rails Developer

During this apprenticeship, I have been developing 2 web applications and my key responsibilities included:

- Design and front-end development of modern, responsive user interfaces;
- Back-end development of web applications;
- Preparation of technical documentation and guides;
- Creation of automated tests;
- Incorporation of continuous integration and continuous deployment systems into web applications projects.

EDUCATION

Sep 2019 - Present Fontys University of Applied Sciences, ICT & Software Engineering

Fontys is located in Brainport Eindhoven - Europe's leading innovative top technology region.

All Fontys ICT programmes have undergone the accreditation process by an external committee in 2018. In every category ICT programmes have received 'excellent' predicate.

Sep 2016 - Present Cisco Networking Academy, Information Technology

Cisco Networking Academy is a comprehensive program offered by Cisco, which helps IT enthusiasts enhance their skills and broaden knowledge in numerous areas.

Through the Cisco Networking Academy, I was able to undertake multiple vocational courses, mainly in fields of computer networking, internet of everything, computer hardware and software.

Sep 2015 - May 2019 Technical School no. 10 in Lodz, IT technician

Technical School no. 10 is the best vocational school in Lodz, Poland.

In 2019 it was ranked 10th in the whole country in Perspektywy's Ranking of Technical Schools based on Matura exam results.

Plus 1 more

PRO BONO WORK

2019 Promotional video for "Just as special" programme

I created a 2D animation for a local group of volunteers who draw public attention to people with disabilities and organise events for the handicapped.

2013 Numerous 2D motion graphics projects

From 2013 to 2015 I designed various motion graphics for different people in need.
